18.2. Replacement Parts List

RTL (Retention Time Limited)

Notes:

- The "RTL" marking indicates that its Retention Time is Limited.
When production is discontinued, this item will continue to be available only for a specific period of time. This period of time depends on the type of item, and the local laws governing parts and product retention.
At the end of this period, the item will no longer be available.
- Important safety notice
Components identified by Δ mark have special characteristics important for safety. When replacing any of these components, use only manufacture's specified parts.
- The S mark means the part is one of some identical parts. For that reason, it may be different from the installed part.
- ISO code (Example : ABS-HB) of the remarks column shows quality of the material and a flame resisting grade about plastics.
- RESISTORS & CAPACITORS
Unless otherwise specified;
All resistors are in ohms (Ω) k=1000 Ω , M=1000k Ω
All capacitors are in MICRO FARADS (μ F) P= μ μ F
