## Whatever you need—as fast as you need it

- Scan, copy, and fax from one device, and print in a wide range of sizes—for virtually any business need.
- Easily access, print, and share resources on a network with built-in Ethernet and wireless capabilities.<sup>1</sup>
- Scan to your USB drive, PC, and email, and fax to your PC for quick and easy access.<sup>2</sup>
- Walk up and print or scan right from a memory device via the easy-access USB port.

## Affordable, professional-quality printing

- Help your business save with low-cost printing—from photos to borderless marketing materials.
- Help ensure you never throw away useable ink, with Original HP individual ink cartridges.
- Count on laser-quality black text, and stunning color graphics and photos—right in the office.
- Create professional-quality borderless flyers, brochures, and more—directly from your wide-format all-in-one.

## Get more done in less time

- Access time-saving, built-in business apps—just tap and swipe the 3-inch (7.6 cm) touchscreen.<sup>4</sup>
- Easily print from your mobile device, and stay connected on the go—even without accessing a network.<sup>5,6</sup>
- Manage printing tasks and scan on the go with the free HP All-in-One Printer Remote mobile app.<sup>7</sup>
- Easily scan identification cards and other two-sided documents onto a single page.

## Save energy. Save paper. Save time.

- Schedule your printer to turn on when you need it, and off when you don't—and save up to 40% on energy use.<sup>8</sup>
- Conserve resources, using digital fax capabilities that enable you to view and store faxes electronically.

<sup>1</sup> Wireless performance is dependent on physical environment and distance from access point. <sup>2</sup> Requires a wireless access point and an Internet connection to the printer. Services may require registration at [hpconnected.com](http://hpconnected.com). Availability varies by country, language, and agreements. <sup>4</sup> YeI JYgUk JY YggUWggdcJhLxLb-4hYfbYhWbbYVfcb

<sup>5</sup> Local printing requires mobile device and printer be on the same network or have a direct wireless connection. Remote printing requires an Internet connection to an HP web-connected printer. For details on how to print, including whether an app is required, see <http://www.hp.com/go/mobileprinting> <sup>6</sup> Mobile device needs to be connected directly to the Wi-Fi network of a wireless direct-capable MFP or printer prior to printing. Depending on mobile device, an app or driver may also be required. Wireless performance is dependent on physical environment and distance from the access point in the MFP or printer. For details, see <http://www.hp.com/go/businessmobileprinting>

<sup>7</sup> Mobile device requires wireless access point and an Internet connection. Compatible with iPhone® 4 and later, iPad® 4th generation, iPad mini™, iPad Air®, iPod® 5G using iOS 7 or later, and mobile devices using Android™ 4.0.3 or later. Features controlled may vary by mobile device operating system. Scan/copy control requires mobile device and printer be on the same wireless network or through wireless direct connection to printer. For mobile scanning, device camera requires 5 megapixels or greater with autofocus capability.

<sup>8</sup> Energy savings calculation assumes the device is scheduled to be off for 12 hours per weekday and 48 hours per weekend. Reduced energy use is compared with a typical daily usage model, which assumes devices remain in off mode overnight and on the weekend.
