Samsung Printer *Xpress*

M2020 Series

Get Print On Tap!
With Samsung NFC Print™

Outstanding Achievement in Innovation: Samsung NFC technology

2013 BLI BUYERS LAB OUTSTANDING ACHIEVEMENT

Enjoy hassle-free printing with NFC technology

Tap, print, and go : Samsung NFC Print™
- Connect and print with ease using Samsung's monochrome laser printer with advanced NFC technology.
- Just tap and print directly from your mobile device[1].

Get ready to print with Samsung GALAXY®
- Directly print from your Samsung GALAXY® mobile device[2] without the need to install a Mobile Print app[3].

Get advanced mobile printing with more options : Samsung Mobile Print App
- Print with powerful features including N-up printing, image size adjustment and support for mobile scan.
- Print various formats and types of documents, such as gallery images, Microsoft® Office documents, Adobe® PDFs, web pages, Gmail™, Google Docs, along with Facebook® content.

Choose your connection : Wi-Fi or Wi-Fi
- Connect to the printer with Wi-Fi Direct even with a wireless network not available.

Expand your printing horizons : Google Cloud Print™
- Remotely access printers from a Google® account and send selected printing jobs.
- Print emails, photos, PDF files and SNS messages, such as Facebook and Twitter posts, from anywhere.

Install, print, and manage more easily than ever before

Keep it simple and install wirelessly
- Enjoy quick, easy three-step wireless printer installation without even having a USB[4].

View it, print it with a single button touch
- Simply press the One-touch Print Screen button to print whatever you see on the screen[5].

Manage like a pro with ease
- Easily and efficiently manage printer settings and status with Easy Printer Manager.

Enjoy speedy high quality prints

Get fast, high performance prints
- Handle large, complex printing jobs with Samsung's advanced 400 MHz Cortex™-A5 core processor and 64 MB[4] / 8 MB[5] memory for high-speed printing and image processing.

Count on Samsung for image excellence
- Get sharper text, cleaner images and smooth-looking prints every time with Samsung Rendering Engine for Clean Page (ReCP) technology.

[1] Mobile devices should be NFC-supported
[2] Samsung GALAXY S2 and later
[3] AirPrint™ support is for iOS™-based devices only
[4] Supported by M2020W only
[5] Supported by M2020 only
* All mobile printing functions are supported by M2020W only
